

Open Scripture Circles

*for those who love the Bible and those who hate it • for those who with questions and those without any answers •
for those who haven't opened its pages in years and those who can't live without it • for those who aren't sure what
to make of it and those who make their lives on it*

*Scripture Circles are a rabbinic-style engagement with the Text in community.
Pastoral, personal, communal, curious, non-manipulative space for meeting God and each other in the Story.*

All are welcome.
