

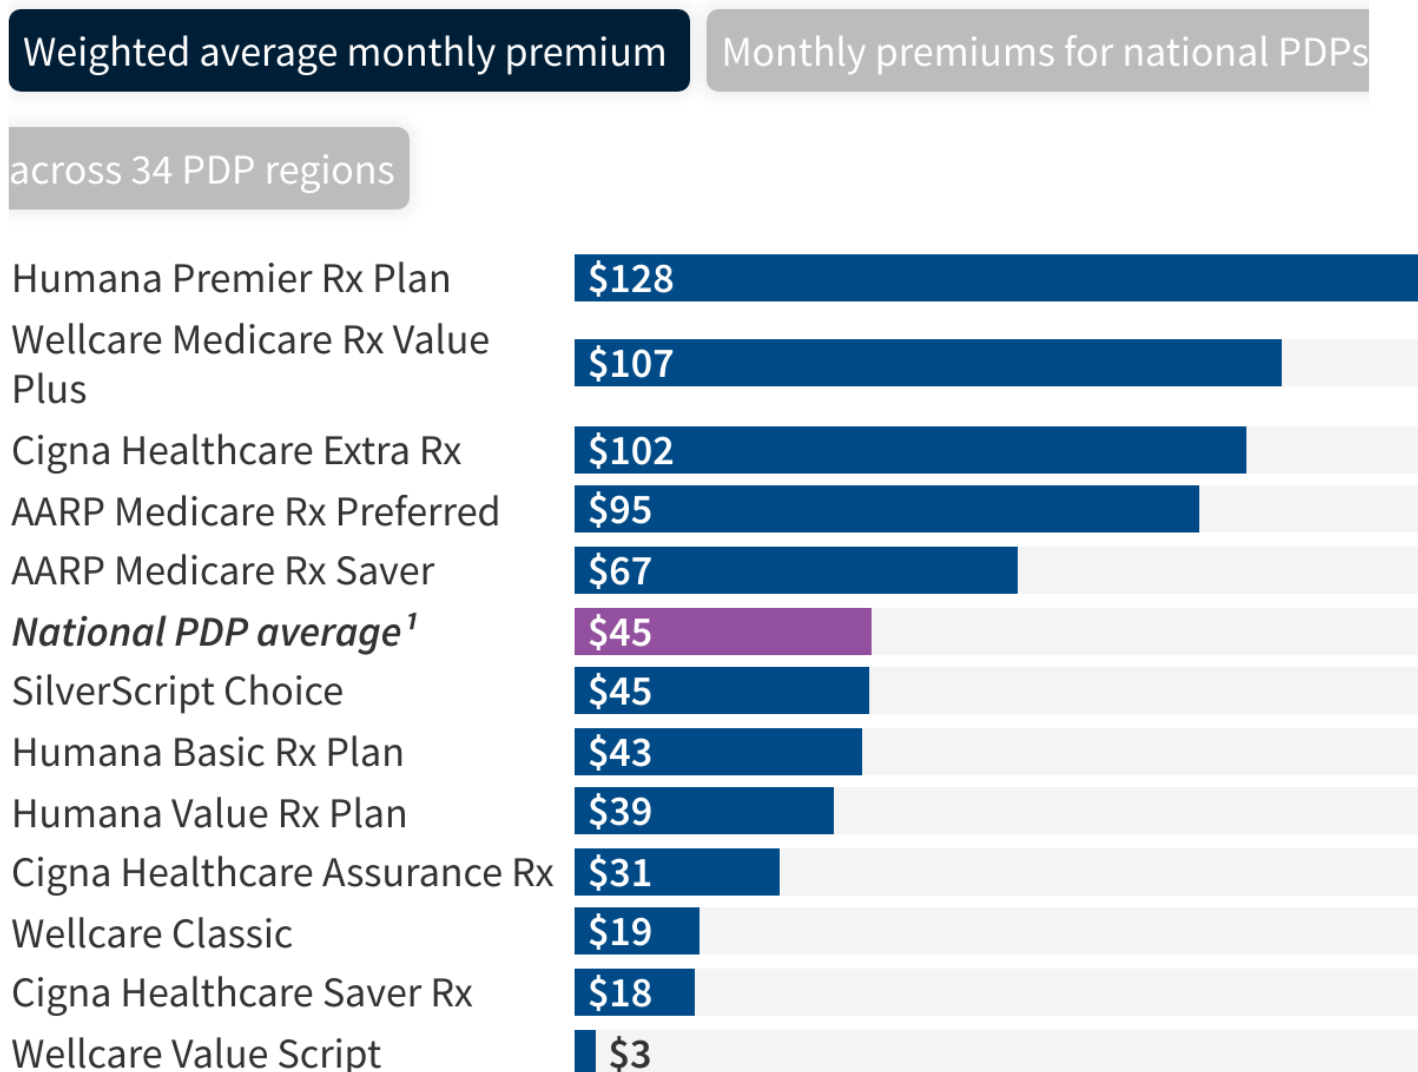

Figure 5

## Average Monthly Premiums for the 12 National Stand-Alone Prescription Drug Plans in 2025 Are Projected to Range from a High of \$128 to a Low of \$3

Click on the buttons below to switch between weighted average monthly premiums and range in monthly premiums for national PDPs in 2025

Note: PDP is prescription drug plan. Estimates are weighted by June 2024 enrollment; assume current PDP enrollees remain in their same plan; and make no assumptions about plan choices by new enrollees for 2025. <sup>1</sup>National average includes premiums for basic and enhanced PDPs.
