

JUNE 2025

This 1945 Allis-Chalmers WC with 2-row cultivator is owned by Dale Hardtke of Watertown, Wisconsin. The WC was originally purchased by Dale's grandfather, the same year that Dale was born. The WC has always been owned by the Hardtke family and was just restored in 2022 - 2023. The rear tires are original and the WC was primarily used for cultivating.
