

FEBRUARY

My foots cold and still in the hard frozen ground. But a vital new life-force within me is found! For Brigid has come with Her gift of re-birth, bringing warm Imbolc blessings to the cold barren earth. And I prepare for my life sap to rise and know that my crown will again touch the skies!

<p><b>Imbolc</b> ☀️</p> <p>Through the dark, cold winter, the Earth has nurtured the potential of life in her deep womb. Energy is beginning to stir. The life-force is taut like a coiled spring, waiting to burst forth through the veins of the Earth, and sap is poised to rise in the trees. Now everything seems possible.</p>					<p>1 ☾ 07:37 - 09:01 16:49 - 20:55</p> <p>2 ☾ 07:38 - 09:14 16:51 - 22:21</p>
