You may use this form if you received a notice that your monthly Medicare Part B (medical insurance) or prescription drug coverage premiums include an income-related monthly adjustment amount (IRMAA) and you experienced a life-changing event that may reduce your IRMAA. To decide your IRMAA, we asked the Internal Revenue Service (IRS) about your adjusted gross income plus certain tax-exempt income which we call "modified adjusted gross income" or MAGI from the Federal income tax return you filed for tax year 2019. If that was not available, we asked for your tax return information for 2018. We took this information and used the table below to decide your income-related monthly adjustment amount.

The table below shows the income-related monthly adjustment amounts for Medicare premiums based on your tax filing status and income. If your MAGI was lower than \$91,000.01 (or lower than \$182,000.01 if you filed your taxes with the filing status of married, filing jointly) in your most recent filed tax return, you do not have to pay any income-related monthly adjustment amount. If you do not have to pay an income-related monthly adjustment amount, you should not fill out this form even if you experienced a life-changing event.
