Gender Inclusive Options

Application for Academic Year Fall 2023 - Spring 2024

The Office of University Housing and Residential Life strives to provide housing accommodations that are comfortable and safe to all the students we serve, including those students who need Gender Inclusive housing, or those who require accommodations that support transgender individuals. Housing for these individuals – as with all individuals seeking on-campus accommodations – are offered based on their availability. Housing assignments are made on a case-by-case basis, recognizing the variability of individual needs and preferences, as well as the fact that appropriate accommodations may be limited in number. If you require Gender Inclusive Housing, please let us know below and monitor your University email for further information.
