## **Supplementary Material**

### **4. Rationale**

Having the supplementary compiled together with the main paper means that:

- The supplementary can back-reference sections of the main paper, for example, we can refer to Sec. 1;
- The main paper can forward reference sub-sections within the supplementary explicitly (e.g. referring to a particular experiment);
- When submitted to arXiv, the supplementary will already be included at the end of the paper.

To split the supplementary pages from the main paper, you can use [Preview \(on macOS\)](#), [Adobe Acrobat](#) (on all OSs), as well as [command line tools](#).
