JOHN BORTOLIN
PHOTOGRAPHER

Thank you to the men who have modeled for MANSCAPES. Your support is breaking down barriers and encouraging men to speak up and seek help. This year, I'm thrilled to collaborate once again with ACON, Australia's leading health organization dedicated

to community health, HIV responses, and inclusivity for diverse sexualities and genders. Established in 1985, ACON continues to make a significant impact. Proceeds from the calendar sales will support ACON's vital mental health programs and support services.
