## Spring 2021 Scenarios

By Rebecca Agababian '21, Co-Editor-in-Chief

### ALL REMOTE

The college completes another semester completely online.

### BRING HALF OF THE STUDENT BODY BACK TO CAMPUS FOR THE ENTIRE SEMESTER

Two class years are invited back for the spring, while the other two remain completely remote.

### BRING BACK HALF OF THE CAMPUS AT A TIME, SWITCHING HALFWAY THROUGH THE SEMESTER

Two class years are invited back for the half of the semester, while the other two remain remote. The two groups then switch halfway through the semester.

### BRING HALF OF THE COLLEGE BACK AND ADD THE SECOND HALF MIDWAY THROUGH

Invite two class years to campus for the first seven weeks. Then, if all goes well, invite the other two class years to join them halfway through.

### START THE SEMESTER LATER TO AVOID PEAK FLU SEASON

The college delays the start of the spring semester to lessen coincidence with flu season. Class format undecided.

### INVITE ALL STUDENTS BACK TO CAMPUS FOR THE FULL SEMESTER

Invite all students back in January, beginning the semester as currently scheduled. Class format undecided.
